#### Details of the seminar:

The seminar started with the felicitation of the team members of TechStalwarts by Dr. Kavita Sharma (Principal), Dr. Barkha Shamnani (Vice Principal), Mr. Rajshree Prabhu (Coordinator, Dept. of IT & CS), and Mr. Vilas Mahajan (HOD, Dept. of IT & CS).

The seminar was graced by our college in-charge, Adv. Vijay Kulkarni, who also encouraged students and team from TechStalwarts and wished the seminar the best of luck.

It was really beneficial to all of the students. A total of 72 students attended the seminar. The team of Techstalwarts cleared whatever doubts students had about their future careers in the sector of IT. They provided the students with advice on how to pursue careers in various domains of information technology.

Many students had questions that were addressed by the Teachstalwarts team. They also gave guidance on how we should plan our career after graduation. **For example,**

# Vidya Prasarak Mandal, Mulund (E) R Z Shah College of Arts, Science and Commerce

one of the pieces of advice was students should start working a job/internship for at least 1 or 1.5 years in any IT company before they do their further studies because it will be helpful to them to understand the theoretical knowledge after the real experience. They also informed students about their Bootcamp, which they hold on a regular basis, and several of the students expressed interest, so they are looking forward to it.

To conclude, the whole session with the Tech Stalwarts team was very informative, interesting, and educational. The session clarified the majority of the students' doubts.
